

- ORNELLA BONACHERA -

JUNIOR WEB DEVELOPER AND INFORMATICS ENGINEERING STUDENT

Buenos Aires, Argentina • +54 9 11 3565 – 8028 • obonachera@gmail.com • linkedin.com/in/obonachera

As a technology enthusiast currently pursuing a degree in Informatics Engineering and working as a Software Developer, I find immense joy in the design of innovative solutions that leverage technology to enhance people's lives. I thrive in collaborative team environments and possess a robust foundation in frontend technologies, including HTML, CSS and Typescript, as well as a deep understanding of client-server architecture.

PROFESSIONAL EXPERIENCE

National University of Avellaneda • Junior Web Developer Marzo 2023 - Present

I actively contribute to the development, refactoring, and optimization of university systems in collaboration with a dedicated programming team. While specializing in frontend tasks, I also handle some backend responsibilities. Currently, I am participating in the refactoring of a headless CMS utilizing React.js and Next.js for the frontend, Python for backend development, and PostgreSQL for the database.

Freelance • Support Assistant and Wordpress Developer July 2022 – December 2022

Successfully led training sessions for employees at a sports store, instructing them in the administration and operation of their online store built on WordPress. Additionally, actively participated in the development of the store, specializing in implementing various plugins and enhancing overall design.

EDUCATION AND CERTIFICATIONS

Informatics Engineering • UNLaM March 2023 - Present

Angular 13 • EducacionIT January 2024

Angular: From 0 to Expert • Udemy December 2023
